

I-190/Silver Street Construction Project

RAPID CITY, S.D. – The South Dakota Department of Transportation says West Custer St. in Rapid City will be temporarily closed beginning late in the day on Monday, May 1, for approximately one week to install storm sewer piping.

Access to the recycling containers located on West Boulevard North will be maintained from the north via Anamosa drive.

This is the second phase of a two-year project to reconstruct the interchange and about one-mile of Interstate 190.

The overall completion date of this project is Oct. 27, 2017.

Reede Construction of Aberdeen is the prime contractor on this \$34 million project.

Complete road construction information is available for this project at: <http://www.sdi190interchange.com> and on www.safetravelusa.com/sd or by dialing 511.
